We are currently working hard on our plan for running camps over the summer, paying particular attention to:

- Government Guidelines
- National Governing Body Guidelines
- School Advice

The situation is ever changing but we expect the following restrictions and protocols to be in place at each location:

- Smaller camp capacities
- Queuing systems will be in place for start and end of day
- “Bubbles” or groups of children on camp, where they will work in small groups with a coach and remain in that group throughout the day
- Restriction of shared equipment and increased cleaning protocols
- Regular hand washing and provision of sanitiser to all camp attendees and staff
- Achieve4All will have a full risk assessment which will be very similar to processes and procedures that schools currently follow

We cannot predict the change in guidance before summer camps begin, but we will continue to adapt our programmes and protocols to match the most up to date Government instructions.

Should a camp get cancelled due to coronavirus then a full refund will be made.
